Skills

- **Languages**: C++, Python, PHP, Java, JavaScript
- **Web Technologies**: HTML and CSS
- **Runtime/Libraries**: NodeJS, React
- **Tools/Platforms**: MySQL, Git, GitHub
- **Soft Skills**: Problem-Solving, Adaptability, Cross-functional Teamwork, Continuous Improvement

Projects

- **ResolveX – Complaint Management System**: | Link — Feb' 26
  - Developed a scalable, real-time complaint management system enabling transparent tracking of issues with live status updates using Socket.io and role-based dashboards.
  - Designed and integrated RESTful APIs using Node.js, Express and MongoDB for efficient complaint handling and user management.
  - Integrated Cloudinary for efficient and secure media upload handling, allowing users to attach evidence to complaints.
  - Deployed the application using Vercel (frontend) and Render (backend) with MongoDB Atlas integration.
    Tech: MERN Stack, Socket.io, Cloudinary, JWT.

- **Synthesia – Music Streaming Platform**: | Link — Jan' 26
  - Developed a full-stack music streaming platform using the MERN stack, providing users with a responsive and interactive listening experience.
  - Built and integrated RESTful APIs with Node.js, Express, and MongoDB to manage music content and user data efficiently.
  - Developed secure authentication and media upload features ensuring controlled access and file management.
  - Developed a modern frontend using React (Vite) and Tailwind CSS with modular components and smooth UI.
    Tech: MERN Stack (MongoDB, Express.js, React, Node.js)

- **Smart Learning Assistant**: **|** Link — Apr' 25
  - Designed and built an interactive AI-powered learning platform for self-paced and personalized education.
  - Developed an interactive learning platform with features like flashcards, MCQs, case studies.
  - Built backend services using Flask and handled API requests for AI-driven interaction.
  - Created a responsive and user-friendly interface using Tailwind CSS and JavaScript.
    Tech: Python (Flask), JavaScript, Tailwind CSS, Gemini API.

Internship

Web Stack Academy – MERN Stack Internship | Certificate — Feb' 26

- Completed a structured, mentor-led internship program focused on the MERN stack (MongoDB, Express.js, React, Node.js).
- Received guided training sessions covering full-stack web development concepts and implementation.
- Prepared and delivered oral presentations on assigned MERN stack Project as part of continuous evaluation.

Certificates

- Mastering Data Structures and Algorithms, *Board Infinity*. | Certificate — Jul' 25
- Cloud Computing, *NPTEL, SWAYAM*. | Certificate — Apr' 25
- Responsive Web Design, *Free code Camp*. | Certificate — Dec' 23

Extracurricular Activities

- Participated in Inter-University Hackathon, Code-A-Haunt. | Certificate — Mar' 24
- Competed in the Inter-University Cricket Tournament and qualified for the semifinals. — Feb' 24

Education

- **Lovely Professional University** — Phagwara, Punjab
  B.Tech - Computer Science and Engineering — Aug' 23 - Present
- **Sri Chaitanya Junior college** — Eluru, Andhra Pradesh
  Intermediate (PCM); **Percentage: 80** — Apr' 22 - Mar' 23
- **Little Buds High School** — Eluru, Andhra Pradesh
  Matriculation; **Percentage: 98** — Apr' 20 - Mar' 21
